About Us

*Finding Inspiration in Every Turn
ILK IDEA is a design site, founded to inspire anyone to live a more beautiful and happy life in their places. Launched in 2018 by Mohammed Darwish & Mohammed Al-Rawi (nicknamed "ILK IDEA ") as a online work for customer, which gives a solution and tips for real people looking for simple real life through a fascinating look into how people from around the country live in their places*

Our Story

Your home is more than a collection of things. It's a reflection of you, your lifestyle, and your personality. Over the years, we've had some pretty interesting clients, and seeing their faces at the final reveals has been priceless. Getting to live in a space that is so reflective of who they are is really the ultimate goal in residential interior design. So today, on the Journal, I want to share some of our best design stories
